

TRANSITING SATURN OPPOSITION NATAL PLUTO

We are focusing on transiting Saturn Opposition natal Pluto and to give more detail we will use the example of Pluto in Libra. This would affect Gen X and some early Millennials (1971 to 1984) specifically. Pluto did slip back into Virgo and ahead into Scorpio temporarily during this time frame, however. Check the ephemeris to confirm if your Pluto is in Libra.

Pluto brings change but it is not sudden or unexpected as those changes brought on by Uranus. Pluto often depicts a complete and total change, while Uranus suggests a change is needed but the change brought on by Uranus do not have to be a total change as it is with Pluto. Pluto is much more dynamic in its expression and often creates turmoil and chaos while initiating the change that is required. Change either by Uranus or Pluto is always requirement.

Pluto's influence is often out of our hands, and we will need to learn to go with the flow rather than fight what is taking place in our lives. With Saturn as part of the picture, Pluto says that what once was must now be in the rearview mirror. Change will take place no matter how much we fight the process.

Rarely will Pluto let things lie, unless the changes that are coming into force correlate on some level with what is already in place. This is extremely rare and when Pluto is active, we must learn to adapt. It is important to acknowledge that this new path is not only necessary, but also mandatory.

Using the example of transiting Saturn in the first house and Natal Pluto in the seventh, we can expect almost with certainty that the relationship is not working as it is now. In many cases, the recent struggles that are being experienced especially if Saturn is sitting on or just into the first house (meaning that Pluto is near the seventh house cusp), the challenge although certainly involving you is set in motion by the partner or someone related or impacted by the partner. This is not to say that the relationship is destroyed, but it is most certainly in turmoil, and the issues need to be addressed. Work needs to be done in an impactful manner. Watch for disagreements and arguments, and in some cases violence. The energies of Pluto are being impacted by Saturn, which can be quite destructive and painful to the ego.

There are no half measures about what is taking hold under this aspect but stay strong and persevere. This too will pass, and a new life situation is materializing as we work our way through some of the life lessons that are being presented. Remember, Saturn is the teacher but also the disciplinarian. Saturn Opposition natal Pluto present hard times and events often out of our hands. Let go of what was, and prepare for what's to come which, over time, will prove to be necessary.
